

# Lighting Guide

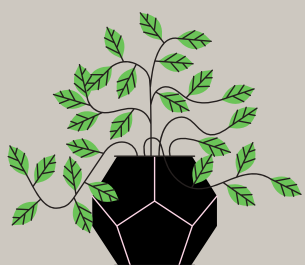

## for success with Indoor Plants

**Bright, direct light**  
(in a window, light hits plant)

**Bright, indirect light**  
(light bounces off something,  
but does not directly hit plant)

**Medium light**  
(in a window lit room, out of  
direct light)

**Low light**  
(hallway, sunlight may spill  
from another room)
