

Cutting the Red Tape for Illinois

As part of the Governor's plan to promote economic growth and job creation he has created the Illinois Competitive Council and the "Cutting the Red Tape" initiative.

Burdensome and unnecessary regulations, policies and licensing requirements disproportionately impact small businesses, particularly minority-owned businesses. In order to have the greatest impact, the Illinois Competitiveness Council is seeking input from the public on which rules and regulations are the biggest hindrance to people and businesses.

Know of an onerous, burdensome, outdated, or just plain silly regulation? Anyone can submit feedback to **Cut the Red Tape** at <https://www2.illinois.gov/sites/RegulatoryReform/Pages/default.aspx>.
