

ALL SOULS NYC NUCLEAR DISARMAMENT TASK FORCE

For more than 25 years we have educated and advocated for a safer, more peaceful world. Through adult education, letter writing and in partnership with other members of civil society, we have worked to control, reduce and ultimately eliminate nuclear weapons. In 2012 leaders of Russia and the United States reaffirmed: “a nuclear war should never be fought and can never be won.”

In February 2026, the remaining arms control treaty between Russia and the United States, New START, expires. Talks between these two nuclear armed states are stalled. There are nuclear threats. Looming is a new arms race. What role will civil society fill during these dangerous times? At All Souls we strongly support resumption of diplomacy with the goal of retaining nuclear weapon limits that have existed under New START.
