

## St. Joseph's Catholic Middle School Advanced Math Club

Mathcounts is a national program that gives students **MIDDLE SCHOOL 6TH - 8TH grades** the opportunity to play fun **ADVANCED** math games in a non-competitive and social environment.

We will practice Mathcounts competition problems for anyone interested in participating in the national competition.

**WHEN:** Monday's beginning September 17, 2018

**TIME:** 3:15 - 4pm

**WHERE:** Mr. Tate's Classroom

**CLUB ADVISOR:** Therese Grijalva, Ph.D.

**THIS CLUB IS LIMITED TO 12 STUDENTS**

For anyone interested, we will assist in the MATHVIDEO challenge. In groups of 4, students create a video that demonstrates a solution to a Mathcounts problem with a real-life demonstration.

The prize for the winning video is \$1000 per each student on the team!
