

Clear Alley Program Services

Alliance for Pioneer Square

July 2021

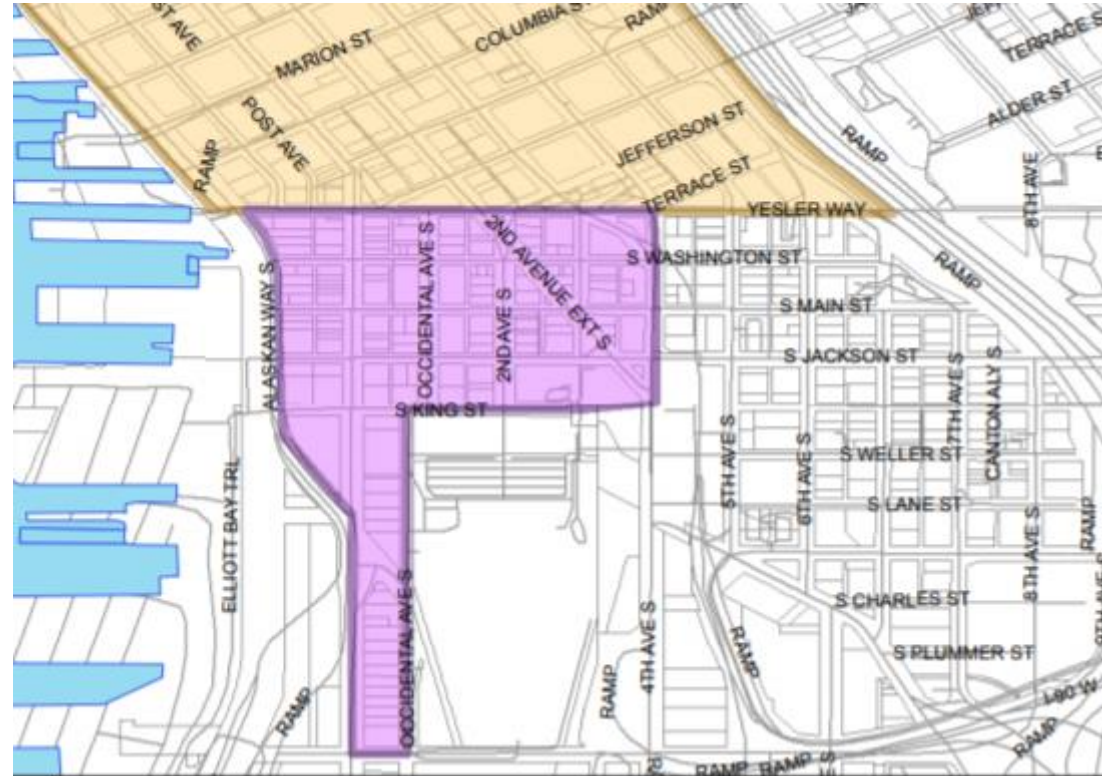

Clear Alley Program (CAP) Services - History

- Designed for business districts that have older building stock with no private solid waste storage space.
- The goal of the CAP - with no dumpsters or garbage carts in the alleys - is to provide services for the businesses while keeping the alleys free of the illegal activity associated with dumpsters.
- Biggest advocate of the CAP are the Seattle Police Department.
- Initiated in 2009 in Pioneer Square and Downtown core, and over time has increased to 5 areas:
 - Pioneer Square
 - Downtown Core
 - International District
 - Columbia City
 - Capitol Hill. Pike Pine Corridor and Broadway&Republican

CAP Services - Pioneer Square
