

2022 Graduate Bios

Pete Roeger

Graduating from – Homeschooled

My parents are Mike Roeger and Karen Nesius Roeger.

I am attending the University of Indianapolis this fall. I have not yet declared a major, but I have an interest in visual communication and political science.

I have not been very active at Plymouth in recent years. However, I was very active at Plymouth during my childhood. I have been active at various times in Sunday School, Children's Choir, Our Whole Lives (OWL), and Youth Group. I was also in the Boar's Head and Yule Log Festival every December from 2007 to 2019. At various times, I was a yule log sprite, caroler, junior archer, medieval player, wassailer, and peasant. Plymouth has meant a lot to me. I have always found the people at Plymouth to be kind and welcoming. I appreciate the work Plymouth is doing to make Fort Wayne a better place to live. I hope Plymouth continues living out its mission in the community.

Melody Sutter

Graduating from – Homestead High School

My name is Melody Sutter, and my parents are Cammy and Matthew Sutter. I am graduating from Homestead High School with an Academic Honors diploma as a National Merit Finalist and an AP Scholar with Distinction. I will attend Indiana University - Bloomington, where I plan to double major in biochemistry and microbiology and minor in French. Plymouth has been a crucial part of my development for as long as I can remember. I will never forget the level of support and community I've felt as I've grown up in the church, and the relationships I've built over the years will stick with me forever.
