**Nancy Messinger**

I grew up Catholic in mid-Michigan and moved to Missouri in 1995 then Fort Wayne in 1998. We spent 3 years in Texas but kept our home here. I retired from almost 30 years of HR work but enjoyed working at Menards where I explored my DIY tendencies until 2020 and Covid. I lost my beloved husband in 2021 and met January Simpson who helped me through my initial grief. I started attending Tapping into Faith and met many wonderful people who indirectly led me here. I enjoy gardening and reading. I volunteer tutoring and enjoy traveling and hiking with my family and alone.

**Melissa Richard**

I am a native of Fort Wayne, and my family held membership at Trinity Episcopal Church for many years. Trinity was a good church, but ultimately, I wanted a more progressive church, which brought me to Plymouth. I worked as an accountant and then as a registered nurse at Parkview Randallia for 19 years.
