the SATELLITE CLINIC

The Satellite Clinic is excited to bring free primary care, behavioral health, and substance use treatment services to five rural counties in west Tennessee as an offering of *West Tennessee Healthcare* and its commitment to quality, compassionate care.

The mobile clinic is fully funded through the "Project Rural Recovery" grant from the *Tennessee Department of Mental Health and Substance Abuse Services*. This means that individuals, both children and adults, who are uninsured or underinsured are able to receive the excellent care they need–in their very own communities–free of charge; no copays or insurance is required.

Through an integrated health model, non-emergency walk-in services include routine primary care, screenings and examinations, psychiatric and mental health treatment including medication and counseling, substance use treatment, peer services, and care coordination are all available at The Satellite Clinic.

Accepting Walk-Ins & Scheduled Appointments

9:30am through 3pm
