

EXTENSION

# Water Dogs

## *Don't fight with your irrigation system – become an irrigation "master"!*

**Join us for a fun, informal program at the Chalco Hills Recreation Center, Papio Missouri River NRD.**
**Learn how to water more efficiently, maintain a beautiful lawn and reduce overall water use.**
**August 9th, 6-7 pm**
In-person program | 8901 So. 154th St., Omaha, NE

**Do you have questions about your lawn irrigation, such as...**

- How much water does my grass really need?
- How much water does my irrigation system put out?
- How can I tell when my grass needs watering?
- Is soil compaction reducing the health and growth of my lawn?
- Should I be aerating my lawn?
- Do I need to do a soil test?

**Get answers to these questions and much more. Learn how to...**

- Audit your irrigation system and measure water output.
- Determine soil compaction.
- Develop an aeration plan.
- Estimate soil moisture with a screwdriver or moisture meter.
- Adjust your fertilization program based on desired grass performance.

***Hope you'll join us!***

***Have the best lawn, and lowest water bill, in your neighborhood this summer!***
