Microshading PMU 3 Day Comprehensive TRAINING"

This course represents all of my learnings in the art of Microshading, from my own personal hands experience, extensive studies of the worlds best Microshading artist, to my own discoveries during the countless hours I've spent Microshading tons of clients. I'm passionate about my profession Microshading and the love I have for this art form. I'm excited to share with you the acquired skills I have learned about Microshading. These skills will be life changing for your clients boosting their confidence and life changing for yourself boosting your income.

~Queen Kay ~

~Queen Kay ~

This training is intended for students that lack experience with the Microshading Technique for the experienced student that wants to learn this intensive and creative method.

Interactively learn about the Microshading Technique, with step-by-step instructions on how to prepare to perform the Microshading procedure by way of a mechanical pen. You will be walked through this course with detailed clear and direct instructions, manuals and noted key-points regarding the setup, pen set up, theory and more.

"I have enjoyed teaching students for over 5 years now. The 3 day classes are amazing. I love to meet with my students. I am a very interpersonal person and enjoy engaging with my students. I practice patience with all of my students. I was once a student I just provide the support that I know will be needed when starting."

~Kay Francis~

What will you learn?

1-Day Intensive Microshading Workshop The Microshading Training Course is a 1-day or 2-day intensive designed course to introduce you to the world of Microshading so that you may become a working Microshading artist. This comprehensive class will teach you all aspects of Microshading, from profiling clients to drawing eyebrows to consent forms. You will leave this class confident and eager to practice and master your craft. Our 1-day or 2-day Microshading Training Course will enable you to acquire not only theoretical knowledge, but also practical skills by applying Microshading on live models. Once you complete the course, the blood-borne Pathogens and pass your written and hands on exam, you will receive a certificate that certifies you to perform Microshading.
