Our practical exams or hands-on experience are designed to make sure that students are ready to perform the procedure properly . Students will perform the procedure that will and must be under the supervision of a PMU Instructor and licensed PMU technician .

## **What exactly do students do in practicals ?**

The answer is that they put into practice everything they've learned in class and in the simulation lab which consists of practicing first on artificial skin and mannequins.

# How Does Financing Work?

In-House Financing is an option , however , students must complete the In - House Financing registration prior to attending class. With in-house financing this allows the student to immediately enroll in class without paying the full tuition upfront. Students are required to put down a small amount and finance the remaining balance. Students have up to 12 months to pay their remaining tuition balance.

**( Contact the Academy for additional details 404-475-2634)**

If In-House Financing registration has not been completed within 3 business days prior to the class start date students will be required to pay remaining tuition IN FULL.

All students that have NOT completed In-House Financing that elect to do so on the start day of class will incur \$250. This \$250 administration fee must be paid at the time of class and MAY NOT be added to the financed balance. To avoid this fee it's important to complete In- House Finance registration 3 days prior to the class start dates. If students are unable to pay the \$250 administration fee, classes may be subjected to rescheduling. All DEPOSITS ARE 100% NON REFUNDABLE .

If a student desires to participate in financing options they should contact the school to begin registration. No credit check is required.
