What exactly **do students do** in **practicals** ?

The answer is that they put into practice everything they've learned in class and in the simulation lab which consists of practicing first on artificial skin and mannequins.

How Does Financing Work

In-House Financing is an option , however , students must complete the In -House Financing registration prior to attending class. With in-house financing this allows the student to immediately enroll in class without paying the full tuition upfront.

Students are required to put down a small amount and finance the remaining balance. Students have up to 12 months to pay their remaining tuition balance. (

contact the Academy for additional details 404-475-2634

If In-House Financing registration has not been completed within 3 business days prior to the class start date students will be required to pay remaining tuition IN FULL.

All students that have NOT completed In-House Financing that elect to do so on the start day of class will incur \$250. This \$250 administration fee must be paid at the time of class and MAY NOT be added to the financed balance. To avoid this fee it's important to complete In- House Finance registration 3 days prior to the class start dates. If students are unable to pay the \$250 administration fee, classes may be subjected to rescheduling. All DEPOSITS ARE 100% NON REFUNDABLE .
