# Live Model Supervision

In our All inclusive classes We do offer Live Model Training. We REQUEST that all students bring their own models. The procedure is supervised by a licensed Instructor . If students are unable to bring their own model , for the live practical, a model can be provided for an additional cost of \$100. (\* Rates may vary) If students REQUEST a model please allow 5 business days to arrange and schedule a model for ALL student practicals.

Clinical supervision is a formal process of professional support for students who are currently enrolled and will be obtaining their certification in Permanent makeup (PMU). Hands on Experience aims to help students to develop in both their professional competence and confidence thereby ensuring safety, proper sterilization and appropriate application when performing a PMU procedure.

Our practical exams or hands-on experience are designed to make sure that students are ready to perform the procedure properly . Students will perform the procedure that will and must be under the supervision of a PMU Instructor and licensed PMU technician .

# Live Model Supervision

What exactly **do students do** in **practicals and simulation labs**?

The answer , in short, is that they put into practice everything they've learned in class during a simulation lab which consists of practicing first on artificial skin and mannequins. After students have successfully passed the simulation lab they will then be prompted to work on a live person during the live practical.

# How Does Financing Work

In-House Financing is an option , however , students must complete the In -House Financing registration prior to attending class. With in-house financing this allows the student to immediately enroll in class without paying the full tuition upfront.

Students are required to put down a small amount and finance the remaining balance. Students have up to 12 months to pay their remaining tuition balance.

**( Contact the Academy for additional details 404-475-2634)**

If In-House Financing registration has not been completed within 3 business days prior to the class start date students will be required to pay remaining tuition IN FULL.

All students that have NOT completed In-House Financing that elect to do so on the start day of class will incur \$250. This \$250 administration fee must be paid at the time of class and MAY NOT be added to the financed balance. To avoid this fee it's important to complete In- House Finance registration 3 days prior to the class start dates. If students are unable to pay the \$250 administration fee, classes may be subjected to rescheduling. All DEPOSITS ARE 100% NON REFUNDABLE .

If a student desires to participate in financing options they should contact the school to begin registration. No credit check is required.
