

Ouachita Parish **Broadband Initiative**

High-speed internet is a necessity in every household and we are working to expand Broadband throughout Ouachita Parish. A Citizens Advisory Committee has been established to help achieve this goal with the help of state and federal funding.

Parish Wide High-Speed Internet Is Coming

The Federal plan is to have all areas of Ouachita Parish served by 2029.

Our committee is working with vendors to speed up this timeline and provide service to all areas of the parish within the next 1-2 years.

We Need Your Help TODAY To Help Us Meet Our Goal!

1. If you currently have internet service, visit dra.gov and run a quick and easy speed test.
2. If you currently do not have internet service, call 211 to reach a Call Specialist, then say "internet" to have your address added to our service list.
3. Tell your friends and neighbors to complete one of the above steps that applies to their home.

Help Is On The Way

Brought to you by the Broadband Citizens' Advisory Committee
