

Revati/Pisces

General Characteristics – This nakshatra indicates a journey, and may in fact represent our final journey from this life to the next, being the last and final nakshatra. It grants protection for safe travels. They are sweet caring responsible loving friends. They nourish and care for others. They have been known to provide foster care for others. They have an affinity or love towards small animals. They love humanity and society. They love to be social because they sincerely love connecting to other people. They don't have a mean or jealous bone in their body. They love fine arts and they can be creative as well. Their caring for others can lead to co-dependency. There may be disappointment early in life, but this develops their compassion and sincere forgiveness of others. They are a bit weak and may be prone to childhood illnesses. They are mystics with complete faith in their beliefs and in the goodness of humanity. With their love of water, they usually benefit from living by the water. There is a deep devotion and faith to God. They are protected in all their travels especially the journey from this world to the next."

Revati "The Wealthy Star"

"One who nourishes bringing growth and prosperity", Revati means the "Wealthy One" or the "Shining Light" who shows the Path to others. Revati rescues those who deserve special protection, such as children and animals
