

## **CBD OIL: SNAKE OIL OR CURE ALL**

**Tuesday, January 19, 2021**  
**10:00 am- 12:00 pm      Online class**

Doctor of Pharmacy Erin Merritt will give us some of the real science behind the uses of CBD oil. We can then make an informed decision about whether to consider using it, rather than just stopping at one of the numerous places displaying CBD banners and giving it a try without understanding for what, or for whom, it may or may not be appropriate. As time permits she will also give us some of her thoughts on other natural and holistic alternatives available as we attempt to navigate our "golden years".

Dr. Erin Merritt earned her Doctor of Pharmacy degree from Midwestern University-Chicago College of Pharmacy with honors. She also chose to educate herself in natural and holistic medicines to better serve the community. Dr. Merritt is energetic, driven, and extremely knowledgeable. Within five years of graduating, Dr. Merritt opened her independent pharmacy, Modern Apothecary, in Kenosha. She offers traditional prescription dispensing, medication counseling, vaccinations, compounded medications and natural supplements. During her rare time off, she enjoys reading, walking her dog and relaxing with her husband and two children.

*Questions? Contact Mary Ann Cassani at 815-409-1807 or email [maryann.cassani@att.net](mailto:maryann.cassani@att.net)*

Fee: \$7 for Members and \$14 for Guests

Register by: 1/15/2021

The campus is still closed to the general public. Please mail checks payable to UW-Parkside/ ALL or register online with a [Credit card \(click here to pay with card\)](#).
