

BATIK WORKSHOP

Tuesday, June 14, 2022

****Choose session time below****

Ceramics Studio, Molinaro D134

What is batik? Batik is a fabric decorating/dyeing process where designs are created on fabric using a resist. First, one draws on the fabric with the resist, then, once the resist dries, dye is applied to the fabric. After the dye dries, the resist is washed out revealing the hand drawn design in the original color of the fabric.

For this workshop, we're going to do very easy batik decorated tote bag. We'll likely only do one side of the bag because of dry time. Instead of traditional wax for resist, we'll use water soluble glue and/or paste. Participants will first sketch drawing on paper that will be redrawn on the tote bags. Our instructor, Lisa Barber, will provide the bags, drawing paper, and all the materials for the batik.

The photos on this flyer are of batik drawings Lisa has made for a quilt and a tote bag sample. (You don't have to do flowers, it's just what Lisa like to draw.)

If you want to bring a t-shirt or scarf to decorate too, you can bring one—FUN!! The material **MUST** be either 100% silk and the amount of decoration on the item needs to be limited to an area no larger than 8.5"x11" because of Lisa's material supply.

This class is limited to the first 20 people that sign up.
