

John Christianson

Selecting & Growing Roses for the Pacific Northwest

January 18, 2023 at 10:00 am

In Person in the Madrona Room (Orcas Center)
OR virtual via Zoom

The Orcas Island Garden Club will have its first hybrid meeting with the January 18th program with guest presenter John Christianson who will be speaking about Selecting & Growing Roses for the Pacific Northwest. John will share his passion and extensive knowledge of roses, describing roses in diversified groups that are top-rated roses for our particular climate. Roses will be for sale after the talk.

John and his wife Toni are the owners of Christianson's Nursery in Mount Vernon. They are hands-on owners who have meaningful connections with fellow garden enthusiasts. Their nursery has earned numerous awards at the Northwest Flower and Garden Festival. You can visit their website at <https://www.christiansonsnursery.com/> to learn more about their work.

Participants may attend in person or attend virtually through Zoom. The program will begin at 10:00 am, a bit earlier than our past virtual-only meetings. The Zoom link can be found on the Garden Club website at: <https://www.orcasislandgardenclub.org/>
