

## Five Decades of Serving the Malden, Medford, & Everett “Triangle” Community

Since 1971, Triangle, Inc. has provided comprehensive programs and services for the disability community in Massachusetts. “Project Triangle” was founded as a volunteer-run project run out of a Malden church and founded by business and community leaders. Triangle’s founders believed that with the right supports and encouragement, people with disabilities could participate in all aspects of daily life while earning a paycheck for a job well done. Our robust employment programs still engage businesses throughout the region to this day and we have diversified our programs to encourage independent living skills, health and safety, and community engagement. We invite you to learn more about all of our programs by following us on social media and visiting our website at [triangle-inc.org](https://triangle-inc.org)

## Supporting Triangle’s 50<sup>th</sup> Anniversary Legacy Fund

As an organization that was founded and has been continually supported by the local business community, we are asking for your support in helping to sustain our programs in decades to come by donating to our 50th Anniversary Legacy Fund.
