

Wyoming Assistive Technology Teams Development Project

Based on results from a recent needs assessment, the Wyoming Institute for Disabilities (WIND), Wyoming Assistive Technology Resources (WATR), the Wyoming Accessible Educational Materials Clearinghouse (AEM), and the Wyoming Department of Education (WDE) have partnered to offer four districts or regions in Wyoming the opportunity to develop an AT Team. This project will help your district or regional collaboration plan, develop, and implement an AT Team to support students with assistive technology needs in your area.

Join the Project

We are looking for four school districts or regional collaborations to participate in the 2021-2022 Wyoming Assistive Technology Teams Development Project

Consider applying if:

- You would like to form an AT Team for your district or region
- Your existing AT Team needs some extra support
- Your district or region has many students that could benefit from assistive technology
- Your district or region could use assistance in developing an AT service delivery procedure

Apply Online by Friday May 14.

Participants will be notified by
Friday, May 28

2021 – 2022 Program

The AT Teams will work collaboratively to assist a child with a disability and the IEP team with the selection, acquisition and use of an assistive technology (AT) device.

- No fee to apply or participate
- Approximately. 1-3 hours per week of course material and additional time outside course to meet and work with team
- **Course 1:** 8 weeks • Sept. 13 – Nov. 14, 2021
This course will help develop a cohesive AT Team, including creating and revising policy documents and conducting assessments.
- **Course 2:** 6 weeks • Jan. 10 – Feb. 20, 2022
This course will help AT Teams implement their new assessment process, with topics to include AT in IEP, goal writing, device training, and transition planning.
