

Coach Mentor Feedback

“I remember being those kids when I was younger. Beyond Soccer gave me the opportunity to make friends for life. It’s my second home. I thank them for all their support, mentorship, and, the Paul “Lefty” Wennik scholarship. I started volunteering (picking up cones & setting up nets) because I wanted to be more involved. I’ve been a Coach Mentor for 5 years, and that experience gave me the confidence to take my life to the next level and go to college. I cannot thank them enough for their devotion to transforming my leadership experience into success and confidence in life.”
