

## **The Moore You Know – July 21<sup>st</sup> – August 4<sup>th</sup>:**

This week, President Trump was indicted for the third time by Biden's Department of Justice (DOJ). While that same DOJ cuts sweetheart deals for Hunter Biden, they are trying every possible avenue to punish the President's foremost political enemy. There is no doubt our justice system is broken.

House Republicans recently learned that Hunter Biden received money from China, and that President Biden spoke with Hunter's business associates over 20 times, despite his claims to the contrary. The DOJ's distractions will not stop our mission to get answers for the American people. Americans deserve the opportunity to decide who leads our country at the ballot box.

Congress has recessed for the month of August, which means members can return home and spend time in their districts. I always look forward to doing more of my favorite part of the job, visiting with constituents. I will be holding several events where people are welcome to come and break bread with me and talk about the issues that are most important to them.

I will also spend time working on the very important issues in front of the two committees on which I serve – Agriculture and Judiciary. Passing a Farm Bill that prioritizes my constituents and the agriculture producers in my district is a major focus, as is holding accountable the Biden administration through Congress's constitutional oversight role.

I recently introduced the Securing American Classrooms Act of 2023. This legislation would use some of the \$1 billion in unspent COVID-19 relief funds to provide grant funding for partnerships between schools and local law enforcement agencies to increase school safety and provide jobs for veterans.

The Democrat plan to defund the police and use bureaucracy to take guns away from law-abiding citizens trying to protect themselves is counterproductive and dangerous. We can better protect our children by giving schools the resources to increase security measures and encouraging stronger partnerships between schools and law enforcement.
