plant a seed : help it grow

Youth & Family
COLLECTIVE

Summer Programming 2019

Youth & Family Collective (YFC) and Fruit Ridge Community Collaborative (FRCC) partners will implement a collaborative summer program for youth at FRCC in 2019. By working together organizations will be able to maximize resources and design more purposeful programming based on youth development principles and practices.

Youth will have the opportunity to learn from various points-of-view, develop leadership skills and the power of their youth voice, and engage in new, and for many unconventional, experiences.

To date 16 organizations have pledged interest in running a program or assisting.
