

Dear Friends of the Urban League of Florida Suncoast,

We are pleased to invite public and private schools in the Tampa Bay area to partner with us in expanding access to higher education opportunities through the **INROADS College Readiness Program**.

We are truly excited to bring this program to your scholars and respectfully request your support in sharing this valuable opportunity with your students, families, school counselors, college and career advisors, and family engagement teams. Through this partnership, we can help ensure that more students are equipped with the tools, resources, and guidance needed to successfully prepare for college and future careers.

The **INROADS College Readiness Program** provides students with access to college preparation resources, academic and career development guidance, mentorship, and support throughout the college admissions process. The program introduces students to various STEAM (Science, Technology, Engineering, Arts, Math) and business careers and is designed to help students navigate their postsecondary journey with confidence and build a strong foundation for future success.

We would greatly appreciate your assistance with:

- Sharing the program with students and families through school communications, newsletters, websites, and social media channels.
- Encouraging eligible students to apply for the program.
- Connecting interested families with information about the benefits and opportunities available through **INROADS**.
- Distributing program information to school counselors, college and career specialists, and family engagement staff.

Students and families can learn more and apply at: **Application Link: <https://inroads.org/apP-ly/>**

At the Urban League Florida Suncoast, we believe every student deserves access to pathways that support academic achievement, career readiness, and long-term success. Your partnership will help expand opportunities for students across Hillsborough and Pinellas counties, connecting them with valuable resources that can make a meaningful and lasting impact on their educational journey.

Thank you for your commitment to student success and for considering this opportunity to partner with us. We look forward to working together to empower the next generation of leaders.

Sincerely,

Nikki Gaskin-Capehart | President and CEO | Urban League Florida Suncoast | 727.327.2081 | ULFLS.org
