

## MORE FUNDING. LESS TRAFFIC. SAFER ROADS.

A transportation charter amendment will fund a wide range of solutions to address our County's greatest shortcomings – traffic congestion, safety, and lack of transit options.

**OUR COMMUNITY NEEDS THE FUNDING.** Hillsborough County has a \$9 billion backlog of transportation projects, and traffic will only get worse as our population will grow by more than 700,000 people in the next 30 years.

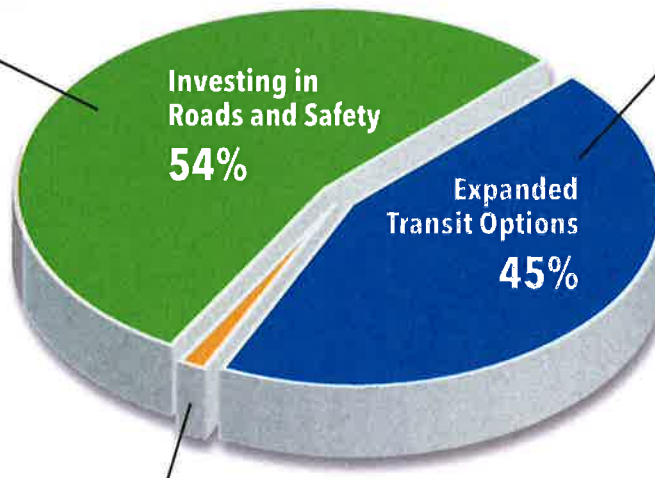

**EVERYONE BENEFITS.** Every neighborhood in Hillsborough County benefits from improved roads and intersections, more crosswalks, sidewalks, and bike lanes, traffic light timing technology, and new transit services.

**INDEPENDENT OVERSIGHT.** The amendment creates an independent oversight committee that will review annual audits to ensure that funds are being spent properly, fairly and transparently.
