

MOBILE VACCINATION SITES

The Hillsborough County Office of Emergency Management (EOM) is partnering with the business community to bring the Pfizer vaccine to employees that may not be able to make it to a public vaccination site.

The OEM will work with businesses to identify a date, time, and location for the event, and dispatch a team of clinicians to administer the vaccine.

Requirements:

- Common area set up with tables, chairs and trash cans
- Assist with scheduling and complete sign-up sheet
- Setup for and schedule 2nd dose appointments 21 days later
