WORLD WIDE ASSOCIATION. REGIONAL FOCUS.

What is the LATAM Executive Forum?

An intimate, executive-level gathering designed around the realities of doing business in Latin America and the Caribbean.

01 REGIONAL CONVERSATION

Senior leaders discuss the market, regulatory and operational issues affecting ITAD across LATAM. Curated by the ITADA LATAM Advisory Board.

02 MEANINGFUL CONNECTIONS

A deliberately small setting built for candid discussion, trusted relationships and cross-border business.

03 ACTIONABLE INSIGHT

The ideas shared help ITADA direct its programs, advocacy and resources toward the region's real priorities.

MAY 18–19, 2027

Panama City, Panama

Executive discussion • Peer networking • Regional collaboration

Why Sponsor?

01 Access to Decision Makers

Gain direct access to owners, presidents, CEOs, business development leaders, compliance executives, and decision-makers across the ITAD ecosystem.

02 Credibility Through Association

ITADA is a member-owned nonprofit trade association. Sponsors benefit from being aligned with an organization focused on industry standards, education, collaboration, and advocacy.

03 Relationship Building in a Trust-Based Industry

ITAD is still a relationship business. Companies choose downstream vendors, logistics partners, recyclers, software providers, auditors, and processing partners based on trust. ITADA events are designed to facilitate networking, partnership discussions, and intelligence sharing.

04 Thought Leadership & Industry Positioning

Our most successful sponsors aren't trying to sell from the stage. They're trying to become known. ITADA offers speaking opportunities, webinars, panel discussions, interviews, and executive forums that allow companies to position themselves as experts & innovators.

05 Relationship Building in a Trust-Based Industry

ITAD is still a relationship business. Companies choose downstream vendors, logistics partners, recyclers, software providers, auditors, and processing partners based on trust. ITADA events are designed to facilitate networking, partnership discussions, and intelligence sharing.
