

# Feng Shui Gua Number calculation

A gua number is basic information that we use all the time in feng shui to coordinate a person's good directions and locations within a home or business. It puts people into two different groups – West Group and East Group.

West Group numbers are 2, 6, 7, 8

East Group numbers are 1, 3, 4, 9

Use your birth year. If you were born before February 3, use the previous year. If you were born Feb 3-5 you will need to verify the correct year as the year change varies from year to year.

Female:

eg. 1958 – Add all the numbers  $1+9+5+8 = 23$

Add  $2+3 = 5$

Add to 4 ---  $4+5 = 9$

You are gua 9

eg. 1990 - Add all the numbers  $1+9+9+0 = 19$

Add  $1+9 = 10$

Add  $1+0 = 1$

Add to 4 ---  $4+1 = 5$

\*5 becomes 8 (for females)

You are gua 8

eg. 1990 - Add all the numbers  $1+9+9+0 = 19$

Add  $1+9 = 10$

Add  $1+0 = 1$

Subtract from 11 ---  $11-1 = 10$

Add  $1+0 = 1$

You are gua 1

eg. 1959 - Add all the numbers  $1+9+5+9 = 24$
