

Capital Home Care/Veterans Home Care... *Honored to serve PA Vets and surviving spouses.*

“I found out about Veterans Home Care through Capital Home Care. After my husband passed away two years ago, and with my family living out of town, it is a blessing to have caregivers come and spend the day with me. Getting these extra hours from VHC has been a big help with my everyday tasks. The girls that come in become more than just caregivers; they become friends. I now can get out to the places I enjoy and visit family I don’t see often. I am very thankful for both VHC and CHC for giving me the opportunity to be independent.”
