

Dear Team,

I was so excited to meet the Team when you came to Albuquerque, New Mexico! The calendar was marked, then the day finally arrived. It was truly the most blessed week of my WHOLE LIFE living in this house, having some lovely folks working here so diligently and with such passion for the Lord and graciously, and unselfishly working for people from a completely different state, , background, and life experiences. For being so young, I was very impressed with the Team's enthusiasm, patience, kindness, and respect to persevere in this HOT New Mexico sun.

I truly enjoyed the experience of meeting each and every one and finding out about their lives back in Central Texas.. it seemed like I wanted to continue on into the rest of the late afternoon and continue on with getting to know their stories..(of course in air conditioned space) . I enjoyed learning about the students future plans to attend college, their families, their farm life, their schools, their life with their siblings. It was truly a JOY

Thank you MUCHISIMO for the fence, that was a labor of love!!! It looks so beautiful and I feel so secure with it surrounding the exterior of the house. It is a reminder to me of the Week of the TEAM sharing their lives with us. My family is truly grateful too, as they have wanted Mom to have one built through the years. It spurred my son on to help me paint sealant on it the very NEXT DAY. We got out their early and he sprayed down the dust, I dried it with a rag, and began the easy part which will protect the labor and help preserve it.

Please know that I will pray for you all, and I truly enjoyed reading the little thank you note and WOOD PIECE with all your signatures. Thanks to David, Jim, and all the construction crew, Jenna, yes, and I'm sorry if I can't recall all the names. May the Lord bless you. "LET THEM GIVE THANKS TO THE LORD FOR HIS UNFAILING LOVE AND HIS WONDERFUL DEEDS FOR MEN, FOR HE SATISFIES THE THIRSTY AND FILLS THE HUNGRY, WHETHER LIVING IN PLENTY OR IN WANT" - Philippians 4:12

I would enjoy hearing from you again. Please know how GRATEFUL I am and also my family: Bryan & Aysia, Kevin & Becky, Jenny & grandson Josiah.

Blessings & Love to all,

Juanita
