

A Great Day in the Kingdom – 8/25/23

You have heard the phrase, “God is good!” Many of us grew up with the Blessing over our food, as “God is good” encompassed the second line. Sometimes we cannot feel what we say while it is being said, but we can proclaim it. What in the world does this mean?

In **2 Corinthians 11:16-33**, the Apostle Paul boasts and celebrates his sufferings. He has been jailed, beaten, abandoned and even ridiculed, in spite of being a Roman citizen. When we embrace the trials of this life, we are actually proclaiming that God is with us, in all circumstances. Paul shares many of his trials, yet celebrates them all.

The God of Abraham and Isaac is good! He is with us in all occasions, good or bad. I recently witnessed one of God’s Disciples in a tragic situation, verbally celebrating that God is good. His job is nothing but negative, each and every day. This young man literally states in times of despair that “God is good!” This week I am going to ask you to read the words of Paul in the scripture provided. Take your Bible and look them up. After reading this scripture, think of something in your life that causes you unpleasantness and declare that “GOD IS GOOD!”

May The Lord Bless and Keep You All! Love and Blessings!
