

## **A Great Day in the Kingdom – 11/22/24**

Do you ever consider how Blessed you are to live the way you do? This morning, I departed with my two kids from a climate controlled house to a climate controlled truck and drove my kids to school. My truck started. I drove on paved roads. My two kiddos were with me. I dropped them off at outstanding school campuses. I then drove to the office and began some admin tasks, in order to serve a wonderful Church family. I was even Blessed to take both kiddos to school this morning. My highly educated Wife is reviewing candidates for ministry, with her committee in Glen Rose. Usually Momma has one child, and I take the other to school.

I am Blessed! Although I am Blessed, I gripe about traffic, school lines, a truck that needs work, and forget that I am so surrounded with Blessings, I take them for granted. What Blessings do you take for granted?

**1 Thessalonians 5:16-18, Rejoice always, pray continually, give thanks in all circumstances, for this is God's will for you in Christ Jesus.**

This time of year we focus on being Thankful. The question we must continually ask ourselves involves not just being Thankful, but being Thankful to God. He is from whom all Blessings flow.

Have a Blessed Week Church!!!

Love to You All!!!
