

## **A Great Day in the Kingdom – 10/4/24**

Like many other military families, the Robbins clan spent 3 years overseas. The country we occupied happened to be Germany. The country and the people were beautiful, yet the language was very different from Texian. We moved every year, in those 3 years. The last village we lived in was a place called Laursch (SP) can't find that place online.

There was a bakery two doors down from our house the Army had rented for extended housing. My two brothers and I would walk there every morning and say, "Neun brochin." At hearing these words, the local resident would begin to speak fluent German. It sounded like gibberish to three little boys from Texas. We would shrug, take our bread and leave.

For many folks new to church life, our language may sound foreign. We speak a very different vernacular, compared to the rest of the world. In all that we do, the consideration of others is paramount. Paul speaks of this in 1 Corinthians.

**1 Corinthians 9:22, To the weak I became weak, to win the weak. I have become all things to all people so that by all possible means I might save some.**

We need to remember that being Kind, Grace-filled and Loving to all is God's universal language. When a person says, "Like it or not, I just say whatever I want to people." That person is weak, inconsiderate and could never personally withstand the level of inconsideration they put out into God's world. Let us, as Christians show that we are different, in a wonderful way. Let us together speak the language of Jesus Christ.

Have a Blessed Week!!!

Love to You All!!!
