

ART IN SCIENCE

Opening Night

FRIDAY, MAY 4TH | 5:00 - 8:00 PM

BLUE BALL BARN, ALAPOCAS STATE PARK

LIVE MUSIC | CASH BAR | LOCAL FOOD VENDORS | MEET THE ARTISTS/SCIENTISTS

ABOUT

Art in Science showcases the cutting-edge research at UD through beautiful images to educate and engage the local community in STEM, with a focus on underrepresented students. Wilmington Art Crawl, Food Friday attendees, and K-12 students will view the collection throughout its display at the Blue Ball Barn, and K-12 students are invited to attend fun and educational workshops on UD's campus. We encourage the public to attend opening night at Blue Ball Barn.

The Art in Science 2018 Collection will also be displayed in ISE on UD's campus for the month of April and at the Blue Ball Barn in Alapocas State Park from May 4th - May 31.
