

# The World Community for Christian Meditation - USA

## Online Silent Retreat

## JESUS THE TEACHER WITHIN

**September 13-18, 2021**

**Monday 7:00 pm – Saturday noon EDT Via Zoom**

*Proceeds to benefit Bonnevaux*

This will be a guided silent retreat. The emphasis in this retreat is on having a single-minded focus on the practice of Christian meditation with as few distractions as possible. The time of retreat will help us detox, destress, re-centre, remember, prioritise, simplify, advance, BE.

Retreat is a time, an experience, of **being more by doing less**.

- Learn something new, unlearn what you need to let go of.
- Even at home you can still feel the contemplative energy of the WCCM Community and the support of the friendship of our community.
- Good intentions are easy to make but feeling part of a community, meditating with others, makes fulfilling them easier.

During this online retreat you will see that there are **online meeting and meditation times** and there will also be **offline** times for meals, exercise, activities and reflection.

WHERE: **Online** Via Zoom

COST: Suggested registration options: \$100; \$50; \$25.
