7 TIPS TO GET RELUCTANT READERS TO ACTUALLY READ

- 1. **Select a book in a series.** If your child enjoys the story and characters, they'll likely want to know what happens in the next book.
- 2. **Pick books that are kid-tested.** The story should be easy to read and should grab their attention right away.
- 3. One way to teach is to model. When kids see their parents and siblings read, they are more likely to pick up their own books.
- 4. **Try reading with younger kids.** Say, "you read a page, I read a page."
- 5. Consider audiobooks and eBooks. They're educational, too!
- 6. **Sign up for a summer reading challenge** online or through your local library to keep the momentum going all school break.
- 7. Enlist a tutor or executive function coach who can uncover the reasons behind the reluctance, offer solutions, and open the door to the exciting world of books.
