This camp will extend the learning students do throughout the school year while incorporating lots of summer fun. Campers will enjoy plenty of time outside and some special art projects and celebrations.</p> 
June 14 - 18	<p>Nature in Chicago <i>* This camp is now full !</i></p> <p>Explore the great outdoors without leaving the city! In this camp, students will learn about nature and the environment by exploring trees, birds, bugs, and gardens right here in our Chicago neighborhood. We'll get outside to discover the roles of birds, pollinators and plants in our unique Chicago ecosystem. <i>Offered in partnership with the Green Explorers Club.</i></p> 
June 21 - 25	<p>Nature Explorers <i>* This camp is now full !</i></p> <p>Become an intrepid explorer of the natural world! In this camp, students explore the vital roles of plants and animals, and learn to sharpen their gardening skills in small spaces. Campers will also travel to Japan for a day to learn about the beauty and mystique of Japanese Bonsai trees- we'll even plant our own Bonsai seeds to cultivate at home. <i>Offered in partnership with Green Explorers Club.</i></p> 
June 28 - July 2	<p>Amazing Arts & Crafts <i>* This camp is now full !</i></p> <p>Express yourself and get creative! In this camp, we'll explore different artistic media and take on an exciting variety of creative projects from painting to sculpture and mixed media art.</p> 

<p>July 6 - 9 *4-Day Camp: No camp July 5</p>	<p>Super-powered Sports * <i>This camp is now full !</i></p> <p>Flex your muscles and show your speed! In this camp, we will practice a wide variety of sports, games and movement activities including basketball and dance. The focus will be on teamwork and sportsmanship as we discover our athletic potential.</p> 
<p>July 12 - 16</p>	<p>Endangered Species * <i>This camp is now full !</i></p> <p>In this camp, students will learn about what is causing plants and animals to be vulnerable, and what we can do to help. We will learn about extinction by studying the dinosaurs, and then we'll travel to different continents to understand the reasons why extinction occurs today. Campers will also spend a day learning about China, and their success in reviving their panda populations! <i>Offered in partnership with Green Explorers Club.</i></p> 
<p>July 19 - 23</p>	<p>Our Changing Planet * <i>This camp is now full !</i></p> <p>In this camp, students will explore how pollution and climate change affect our world and how we can help. Campers will discover sustainable ways to eat and grow their food, the basics of clouds and weather, renewable energy and water conservation. Campers will also participate in a community action project! <i>Offered in partnership with Green Explorers Club.</i></p> 
<p>July 26 - 30</p>	<p>Food & Music Around the World * <i>This camp is now full !</i></p> <p>Experience the flavors and sounds of different cultures! Campers will explore different countries by learning about their genres of music and preparing and enjoying traditional cuisine. Students will learn new vocabulary in the target language while we acquire new tastes.</p> 

August 2 - 6 August 9 - 13	Animals Around the World * <i>This camp is now full !</i> Campers will discover animals from an exciting variety of ecosystems around the world. During our first week, we'll encounter animals living in the ocean deep, the desert, the Amazon rainforest, the Arctic, Antarctica, and the Asian wetlands. We will visit South America to learn about the amazing biodiversity of rainforests and to practice Spanish Language skills. In our second week, campers will visit coral reefs, the deserts of the American southwest, Indonesian rainforests, Australia, and the mangrove forests of India. <i>Offered in partnership with Green Explorers Club.</i>	
August 16 - 20	Back to School Fun * <i>This camp is now full !</i> In this camp, we'll prepare for the routine of school with fun games, projects and activities. The emphasis will be on reacclimating to the classroom environment and social emotional learning.
