

# Creative Resilience | *for Business*

Is your business facing significant change?

Do you want a skilled and productive workforce for the future?

Would you like to increase staff retention and motivation during times of change?

If **YES**, then the **Creative Resilience Programme** is just what you need!

By taking part in the Creative Resilience Programme your employees will:

- **Understand what resilience means and be able to apply this across a range of circumstances**
- **Develop the skills and confidence needed to proactively manage challenging situations**
- **Identify personal assets and strengths and use them to address change and uncertainty**
- **Develop innate creativity to overcome obstacles positively**
- **Learn how to be flexible and adaptive in approaches to problem solving and staying motivated**

## Impact and Return on Investment

Developed by Creativity Works using an evidence-based approach, the **Creative Resilience Programme will enable your staff to explore, develop and grow through times of change and challenge.**

Delivered creatively, it will look at themes of **self-awareness, diversity, environment, adaptability, re-framing, maintenance and support networks**, as well as challenging preconceptions and encouraging openness to change. This will make your business more resilient and increase staff motivation.

**The Future of Work:** Jobs and Skills in 2030 (UKCES) report demonstrates the global labour market in 2030 is likely to be highly competitive. New attitudes and behaviours will be needed by individuals and businesses founded on flexibility, resilience, collaboration, entrepreneurship and creativity. Above all, the ability to respond, adapt and be resilient to continuous change will be critical.
