**ENGINEERING ENTERPRISES, INC.
IS EXCITED TO ANNOUNCE
THE OPENING OF ITS NEW BRANCH OFFICE IN ITASCA**

Engineering Enterprises, Inc. (EEI) is excited to announce the opening of its newest branch office located in the Hamilton Partners Business Complex at 555 Pierce Road, Suite 105 in the Village of Itasca, Illinois.

With already existing offices in Sugar Grove and Rockford, Illinois this new branch will allow the firm to grow existing relationships and develop new ones with surrounding communities.

EEI has over 48 years of experience working with communities on infrastructure improvement projects. EEI, a civil engineering and land surveying consulting firm, provides water, wastewater, stormwater, transportation, and site development services to many clients throughout northeastern Illinois.

According to Jeffrey Freeman, PE, CFM, LEED AP, Chief Executive Officer, "Our newest office location gives our firm the ability to continue to provide high quality services to our clients located in northern DuPage, northern Cook, Lake and McHenry Counties."

About Engineering Enterprises, Inc.

Engineering Enterprises, Inc. (EEI), founded in 1974, is an award-winning consulting engineering firm providing services to public agencies and private entities throughout northern Illinois. Over 50 experienced firm members including licensed professional civil engineers, land surveyors, and support team members provide a full range of services for planning, design, and construction of infrastructure projects, funding assistance and municipal consulting. Our core values guide our staff on every project from initiation through completion keeping us committed to quality, service, and value for our clients. By offering outstanding service to every client every day we are able to assist with bettering the communities in which we serve. For additional information visit our website at www.eiweb.com.
