

# MEET YOUR HEAD COACH

Kim Beeker.

Kim is a Charlotte native and lifetime swimmer. Kim's passion for the water started at an early age, as she swam for a competitive year-round team throughout grade school and in college. Kim began teaching and coaching swimming while in high school. She organized and coached a community swim league with a free swim lesson program for the Double Oaks and NoDa communities in Uptown.

After college, Kim worked as a high school biology teacher as well as an assistant coach for the Hough High School swim team and the Aquatic Team of Mecklenburg. During her time with them, the Hough High School swim team earned four state titles.

Kim's passion for swimming developed to helping others learn the valuable life lessons swimming provides as an individual contributor, teammate and leader. When Kim is not near the water she is either working as a nurse or tending to her boys: husband, Anthony, sons AJ (7) and Andrew (3) and dog Mishka.
