

National Principals Month

October 2018

Cheri Marshall from **Academy of Dover Charter School** is fabulous!! She is very supportive of all of the teachers and staff and believes in every one of us! She promotes teamwork in so many wonderful ways, one of which is reaching out to all of us for our ideas on what we would like to do for AOD nights and then having us vote on our favorites, rather than having that come from the top down. Cheri is very involved, encouraging, and supportive of our students and their families as well. We all love her!
