

Welcome to [Delaware Student Success](#)

The Delaware Higher Education Office is pleased to announce our new and rebranded online resources (website and social media) for students, families and educators. These resources are designed to simplify the sometimes complicated process of career exploration, post-secondary education planning and financial aid.

For those of you familiar with our former Delaware Goes to College site, you know that we seek to provide checklists, timelines and compilations of online resources to assist seniors, parents and educators in the transition to college. As we expand our partnership with you to include supports for middle school and early high school, we felt it was important to have a name that reflects this focus.

Check out the new [Delaware Student Success site](#) and bookmark as a favorite! Follow us on social media at DEStudentSuccess on Facebook and Instagram, and DEStdntSuccess on Twitter. We'll be updating the Delaware Student Success site regularly and appreciate any feedback you want to share about the site ([dheo@doe.k12.de.us](mailto:dheo@doe.k12.de.us)). Below you will find a snapshot of some of the exciting features on the website.

Many of you have used Delaware Goes to College resources for your students over the past five years. You have integrated website links and references to social media throughout your materials and website. We have worked closely with our developers to ensure that all pre-existing links for Delaware Goes to College will re-direct to the new site. We ask that as you review materials or create new ones that you begin using [www.delawarestudentsuccess.org](http://www.delawarestudentsuccess.org). In the meantime, we will continue to keep the re-direct process active until further notice.

- [Plan for success after high school](#) – easy-to-follow information to help prepare for college and career
- [Learn about careers](#) - tips and resources for all grade levels, beginning in 7<sup>th</sup> and 8<sup>th</sup> grade
