To Whom It May Concern:

The Monterey Peninsula-Seaside Ministerial Alliance and its members would like to submit our formal endorsement of Salinas City Councilman Steve McShane for the seat of Monterey County District 4 Supervisor. Steve is not just a local city leader but more importantly he is a neighbor and friend that is sincerely concerned about the local community in which he is actively raising his family in.

Steve has proven his dedication and sincere desire to see the cities and neighborhoods that the seat for District 4 Supervisor encompasses, during his tenure on the city council. Steve plays an active role in focusing on the environment specifically reliable water sourcing and renewable energy. His education from Cal Poly has been a vital asset to his role assessing and addressing local agricultural needs and concerns. Steve has a genuine personal investment in the success and growth in the cities and all citizens throughout the county and has been a great proponent of job accessibility as well as supporting locally owned and operated business' and vendors.

We believe that Steve McShane is the most well-rounded candidate in the race and feel that his ideals and values line up most genuinely with those of the Ministerial Alliance and its members. We thank Steve McShane for taking such an active role in and with the local faith community as well as in bridging the gap between the citizens of this great community and the public officials that have been elected and or sworn to serve us.

Sincerely,

Pastor Kenneth Murray (President)

Pastor Harold Lusk (Vice President)

Pastor Artis Smith (Financial Secretary / Advisor)

Our Mission:

"The Monterey Peninsula-Seaside Ministerial Alliance exists to promote the unity of Christian Ministry throughout Monterey County, across denominational, racial, ethnic and sociology-economic lines, to provide opportunities to worship together as Christians & to promote the Gospel of Jesus Christ. We believe that Jesus Christ has called us all to be one. We believe that we can do more together than we can apart as we strive to make our community a better place."
