I keep forgetting where I left my keys and can’t remember the names of all of my grandchildren—do I have dementia? What causes dementia and what can I do to prevent it from happening to me? How can we better serve family members and congregants with dementia? How can I make the upcoming holidays dementia friendly?

Dementia experts Karen Stewart and Malcolm Frazier will provide insights on topics such as causes, risk factors, brain health, effective communication and how to navigate through the daily realities of dementia. Whether you’re knowledgeable about dementia or are just beginning to learn about it, this webinar will help you better care for persons with dementia.

After the event, you will receive a recording of the webinar to share with your family and congregation.
