### What is Box City?

Box City is a social justice learning experience designed for youth in grades 6–12. The event combines education, empathy-building, and community action by simulating aspects of homelessness and food insecurity. Participants engage in lessons and discussions that highlight real-world challenges faced by unhoused individuals, reflect on the social and economic factors contributing to poverty, and learn how they can make a difference through advocacy and service.

By spending the night outdoors (weather permitting) and raising funds for a local shelter, youth gain a deeper understanding of compassion and community responsibility.
