

HELP PEOPLE DETAINED AT ICE CHECK-INS

HELP PEOPLE DETAINED AT ICE CHECK-INS

Many of our community members are being detained each day at the ICE Field Office and temporarily held at Federal Detention Center, both located in Philadelphia's Chinatown. From there, they are transferred to a longer-term detention center, most often Moshannon.

Before they are transferred and held longer by ICE (and to stop corporations like GEO from making more money on their detention), we try to connect impacted families with lawyers quickly to challenge their unjust detention.
