

WHAT WE DO: Greater Memphis Financial Empowerment Center offers FREE financial counseling to all residents of Shelby County. Counselors meet one-on-one with clients to determine where they are financially and how they can help the clients get on more solid financial footing. Target focus areas include: making sure clients have safe affordable banking relationships, the ability to establish and/or increase emergency savings, improve credit scores by 35+ points, and reduce non-mortgage debt.

CURRENTLY MEETING CLIENTS AT THESE CO-LOCATIONS*
