

Street Department and Wastewater Department 2020 Key Projects

Winter – Boone County Highway Department

1. Sycamore Street Bridge: Reconstruction of bridge scheduled to begin Feb. 10.

Closures expected:

- Sycamore St. will be closed between Zionsville Rd. and US 421.
- The trail system under the bridge connecting Lions Park to Creekside Park will be closed.
- Pedestrian bridge and trail system along Sycamore St. expected to remain open with only periodic closures.

Estimated completion: Aug. 28, 2020

Spring

2. Zionsville Road: Final construction activities will take place in spring 2020. No further full closures expected.

Estimated completion: May 2020

3. North-South Connector: Multi-lane roundabout at Oak St. and CR 850 E., single-lane roundabout at CR 875 E. and Whitestown Rd. and new road extending northward connecting to CR 875 E.

Closures expected:

- Intersection of Whitestown Rd. and CR 875 E. from June 1 - Aug. 1, 2020
- CR 875 E. between CR 550 S. and CR 575 S., dates TBD
- CR 850 E. south of Oak St., dates TBD

Estimated completion: Sept. 2020

4. Irongate Drainage & Improvement: New storm sewer pipe along the south side of Oak St. from Irongate Dr. to just west of Ford Rd.

Closure expected: No full closures. South lane of eastbound Oak St. will be closed during the construction between Irongate Dr. and Walgreen's entrance.

Estimated completion: TBD

5. Phase I Gravity Sewer on CR 875 E.: Sewer extension connects the intersection of CR 500 S. with the Zionsville School's sport complex.

Closure expected: CR 500 S. (Whitestown Road) immediately west of CR 875 E. on Feb. 12 – 14, weather depending.

Estimated completion: Spring 2020

6. Phase 2 Gravity Sewer on CR 875 E.: Begins at CR 550 S. and travels south picking up several existing homes via gravity.

Estimated completion: TBD

7. Oak Street Sewer: Located on the north side of Oak St. and will extend west of Cooper Rd. traveling east to just west of Irish Hill.

Estimated completion: End of 2020

8. North Regional Sewer: Takes sewer to the northeastern sewer service area of town through the Holliday property.

Estimated completion: July 2020

Summer

9. CR 400 S.: Widening, repair and resurfacing of CR 400 S. to the west of CR 875 E. for approximately .5 miles.

Closure expected: Full road closure of CR 400 S. for approximately .5 miles west of CR 875 E.

Estimated completion: Fall 2020

10. CR 500 S.: Widens and improves CR 500 S. from CR 875 E. approximately .4 miles to the west.

Closure expected: Full road closure anticipated

Estimated completion: Fall 2020
