

IEA Global Conference 2021

Exhibitor Opportunities

Premium Online Experience

The IEA is pleased to announce its first Online Global Conference July 16-18, 2021. This interactive online event will bring together people from all over the world who share Enneagram interests and expertise – to learn and connect. The IEA Global Conference will be delivered in a visually-rich online experience. The user-friendly platform mimics the dynamics of a physical Conference including a Conference lobby, auditorium and an exhibit hall.

We are offering Exhibitor packages exclusively to our IEA Accredited Professionals, Schools and Training Programs. The exhibit hall offers a highly interactive and engaging online environment for attendees to learn about your offerings, services and products. You will have the opportunity to connect with attendees one-on-one via video, audio or text chats. You can provide videos and documents at your Booth for attendees to view or add to their virtual briefcase.

The Conference features over 80 sessions with presenters from around the world. We are expecting a large turnout for this historic online Conference. The IEA Online Global Conference is the ideal place for you to showcase your brand, show your support for the Enneagram and reach your target audience.

Please consider [becoming an IEA Conference Exhibitor](#)! Check out the Exhibitor Packages below.
