The Early Childhood Bulletin is a quarterly publication of Child Care Resource and Referral (CCR&R). The trainings, articles, and announcements in this publication are submitted by the community. If you have questions or would like to register for a training, please contact the agency listed in each training, article, or announcement.

El Boletín de Educación de la Primera Infancia es una publicación trimestral de Recursos y Referencias para el Cuidado de Niños. Los entrenamientos, artículos y anuncios en esta publicación son presentados por la comunidad. Si tiene preguntas o quisiera registrarse para alguno de los entrenamientos, favor de contactar a la agencia enlistada en cada uno de los entrenamientos, artículos o anuncios.

The CCR&R program is funded by the Arizona Department of Economic Security, Child Care Administration by the Federal Child Care and Development Fund.

"This program was funded through a contract with the Arizona Department of Economic Security. Points of view are those of the author and do not necessarily represent the official position or policies of the Department."

"Under Titles VI and VII of the Civil Rights Act of 1964 (Title VI and VII) and the Americans with Disabilities Act of 1990 (ADA) Section 504 of the Rehabilitation Act of 1973 and the Age Discrimination Act of 1975, insert Child & Family Resources, Inc prohibits discrimination in admissions, programs, services, activities or employment based on race, color, religion, sex, national origin, age, and disability. The Child & Family Resources, Inc. must make a reasonable accommodation to allow a person with a disability to take part in a program, service, or activity. Auxiliary aids and services are available upon request to individuals with disabilities. For example, this means that if necessary, the Child & Family Resources, Inc. must provide sign language interpreters for people who are deaf, a wheelchair accessible location, or enlarged print materials. It also means that the Child & Family Resources, inc. will take any other reasonable action that allows you to take part in and understand a program or activity, including making reasonable changes to an activity. If you believe that you will not be able to understand or take part in a program or activity because of your disability, please let us know of your disability needs in advance if at all possible. Director's Corner

Michelle Saint Hilarie
Senior Program Director/ Directora Principal del Programa
Child Care Resource & Referral

Each quarter, as I sit to write the “Director’s Corner”, I begin by thinking about the most critical topics or important issues early childhood educators need to be informed about. This quarter, there is one particular topic that rises to the surface, and it is not an easy topic to discuss, but a critical one. As you all know, for the past few months CCR&R has been providing professional development on a wide variety of health and safety topics to meet the federal CCDBG requirements. I’ve had the privilege of presenting the health and safety series on several occasions and have been pleasantly surprised about the positive impact and feedback on the emergency planning and disaster preparedness topic. This topic inspires child care programs to think about their plans and the people, resources and tools needed to implement it. During the training, child care programs often realize the plan is so much more than a fire drill or making sure their first aid kit is adequately stocked. However, the most difficult but critical and important part is what to do in the event there is an active shooter on site. It is hard to think about someone entering a child care program with the intent to harm children or adults. Sadly, the current times force us to think about what we would do in the event there is an active shooter on site. It has been brought to my attention that local police or sheriff’s departments offer active shooter trainings to the community and would even be happy to offer it to child care programs. If you are interested in more information or resources about active shooter training in your area or online, please call CCR&R, Monday – Friday, 8:00am to 5:00pm at 1.800.308.9000 and a team member would be happy to provide you with more information. Have a great summer!

Cada trimestre, al sentarme para escribir “Esquina de la Directora”, empiezo por pensar en los temas más críticos o importantes que educadores de temprana edad necesitan estar informados acerca de. Este trimestre, hay un tema en particular que sube a la superficie, y no es un tema fácil de discutir, sino crítico. Como todos sabrán, durante los últimos meses CCR&R ha estado proporcionando desarrollo profesional en una amplia variedad de temas de salud y seguridad para cumplir con los requisitos federales de CCDBG. Yo he tenido el privilegio de presentar la serie de salud y seguridad en varias ocasiones y he sido gratamente sorprendida por el impacto y comentarios positivos hacia el tema de preparación ante desastres y planificación de emergencias. Este tema inspira a programas de cuidado de niños a pensar en sus planes y la gente, recursos y herramientas necesarias para implementarlo. Durante el entrenamiento, programas de cuidado infantil a menudo se dan cuenta que el plan es mucho más que un ejercicio de incendio o asegurándose de que su caja de primeros auxilios este bien surtida. Sin embargo, la parte más difícil pero esencial e importante es qué hacer en caso de que haiga un tirador activo en sitio. Es difícil pensar en alguien entrando a un programa de cuidado de niños con la intención de dañar a niños o adultos. Lamentablemente, los tiempos actuales nos obligan a pensar sobre qué haríamos en caso de un tirador activo en el sitio. Se me ha informado que la policía local o departamentos del sheriff ofrecen entrenamientos de tirador activo a la comunidad y serían felices de ofrecérselos a programas de cuidado de niños. Si está interesado en obtener más información o recursos sobre entrenamientos de tirador activo en su área o en línea, por favor llame a CCR&R, los lunes a viernes de 8:00am a 5:00pm al 1.800.308.9000 y un miembro del equipo estaría encantado de proporcionarle más información. ¡Que tenga un maravilloso verano!

Sincerely/Sinceramente,

Michelle

You do so Much; Allow Us to do Something For You

Hace Tanto; Permitanos Que Hagamos Algo Por Usted

Having accurate information on your child care program in the CCR&R database allows us to assist in marketing your child care program to families looking for child care. In order to match your program to the needs of families we need to know important information like:

- Business Hours
- Ages of children you serve
- How much you charge and any additional fees charged (rates)
- Changes in phone numbers or email address, or website address
- Meals Served
- Environments
- Accreditation Information

Rate information in your profile is critically important for the family and for data collection purposes. Every family who is looking for child care is very concerned if they will be able to afford it, and need to know the cost. In addition, programs can use CCR&R rate information to set competitive rates in their community. By not providing rates you are missing an opportunity to enroll a new child into your program. Here are more ways we use the information gathered:

- Refer child care programs to parents that are looking for child care.
- Provide parents with accurate information about your program.
- Help potential new child care businesses determine where child care is most needed.
- Help government officials make better decisions about child care policy and funding.
- Help communities understand the importance of including child care in their future planning.

CCR&R attempts to contact you twice a year to update your information. We will always call between the hours of 8:00 AM and 5:00 PM, Monday - Friday. It is important for you to know who we are when calling and that we are not a solicitor. We ask that you PLEASE take at least five minutes to speak with our Resource & Referral Specialist to update your profile.

Tener información precisa sobre su programa de cuidado de niños en la base de datos de CCR&R nos permite asistir en la comercialización de su programa de cuidado infantil para familias que buscan cuidado infantil. Para que su programa cumpla con las necesidades de las familias, necesitamos saber información importante como:

- El horario
- Las edades de los niños que sirven
- Cuánto cobra y cargos adicionales (tarifas)
- Cambios en los números de teléfono, correo electrónico, o página web
- Comidas servidas
- Ambientes
- La información de acreditación

Información sobre sus tarifas en su perfil es críticamente importante para la familia y para el propósito de colección de datos. Cada familia que está buscando el cuidado infantil está muy preocupada si tienen los recursos para pagar y necesita saber el costo. Además, programas pueden utilizar información de CCR&R para establecer tarifas competitivas en su comunidad. Al no proporcionar sus tarifas, pierde la oportunidad de inscribir a un niño nuevo en su programa. Aquí hay más maneras en la que utilizamos la información obtenida:

- Referir programas de cuidado a padres de familia que buscan cuidado infantil.
- Proveerle a los padres información precisa acerca de su programa.
- Ayudar a posibles negocios nuevos de cuidado infantil con información de donde se necesita más cuidado de niños.
- Ayudar a oficiales del gobierno para que hagan mejores decisiones sobre las pólizas de cuidado de niños y financiación.
- Ayudar a las comunidades que comprendan la importancia de la inclusión de cuidado de niños en la planificación futura.

CCR&R intenta comunicarse con usted dos veces al año para actualizar su información. Siempre le llamaremos entre las horas de 8:00 AM y 5:00 PM, de lunes a viernes. Es importante que sepa quién somos cuando llamemos y que no estamos solicitando. Le pedimos que dedique por lo menos cinco minutos para hablar con nuestros especialistas para actualizar su perfil.

SPECIAL NEEDS SERVICES

ADES/CCA is committed to ensuring that all families have access to quality child care while they work, go to school, or participate in employment training.

To support the opportunity for all eligible families and their children to participate in quality child care, ADHS licensed Child Care Centers and certified Group Homes will receive an enhanced rate for providing high quality inclusive child care to children with disabilities, who meet the ADES/CCA family eligibility requirements for child care subsidy.

The following criteria must also be met:

Possess national child care accreditation or a Quality First Star Rating of three (3), four (4) or five (5) stars through the time that the enhanced rate is received. Please see the list of ADES accepted accredited agencies on page 7. Copies of the National Accreditation certificate and/ or the Quality First three (3), four (4) or five (5) Star Rating approval issued by First Things First must be submitted to ADES.

Definition of a child with special needs: Means a child with a disability or special health care need (s) who needs appropriate, individualized accommodations and supports to access, and participate in, the routines and activities with his/her peers. The child may need increased supervision and/or adaptive equipment.

A child with special needs must have documented disability as defined below:

- I. A child under the age of three who is eligible for the Arizona Early Intervention Program www.azdes.gov/azeip (IDEA, Part C services) and has an Individualized Family Services Plan (IFSP); or
- II. A child between the ages of three and 12 who is eligible for Special Education Services (IDEA, Part B services) and has an Individualized Education Plan (IEP) <http://www.azed.gov/specialeducation>; or
- III. A child over the age of three who is eligible for the Division of Developmental Disabilities and has an Individualized Support Plan (ISP) <https://des.az.gov/services/disabilities/developmental-disabilities>; or
- IV. A child who has a 504 Plan under Section 504 of the Rehabilitation Act and the American with Disabilities Act <http://www2.ed.gov/about/offices/list/ocr/504faq.html>; or
- V. A child under the age of 13 with a diagnosis by a licensed physician, certified psychologist or a certified behavioral health specialist with a physical, cognitive and/or a psychosocial condition that substantially limits the child's ability to perform age-appropriate activities.
- VI. Others, as approved by ADES.

No more than 10% of a "group" can be children with disabilities, (see Section 3.6, Provider's Responsibilities to Clients, 12., for the definition of Group Size.)

The effective start date for the special needs contract is effective October 1, 2016. Please remember to include the appropriate certificate with your contract renewal packet.

Frequently Asked Questions – FAQ's DES Pre-Service Health & Safety Training Series

1. What is the new requirement for the Health & Safety trainings?

The Child Care & Development Block Grant, known as CCDBG is the federal grant that funds DES child care subsidies in Arizona, and this grant was reauthorized in November, 2014. One major component of this reauthorization requires all DES contracted child care providers to take training specific to Health & Safety. The ten Health & Safety topics are:

- i. Infectious Disease Control
- ii. Prevention of Sudden Unexpected Infant Death (SUID)
- iii. Administration of Medication
- iv. Prevention of/Response to Food and Allergic Reactions
- v. Building and Physical Premises Safety
- vi. Prevention of Shaken Baby Syndrome and Abusive Head Trauma; Child Abuse Reporting
- vii. Emergency Preparedness and Response Planning
- viii. Handling and Storage of Hazardous Materials and Disposal of Bio Contaminants
- ix. Transporting Children
- x. CPR/ First Aid

2. Who needs to take the trainings? How will my attendance be tracked?

The reauthorization requires all caregivers, teachers, and directors at DES contracted child care centers or homes to complete the Health & Safety Training Series. The types of child care centers or homes that hold a DES contract are; DHS Licensed Child Care Centers, DHS Certified Child Care Group Homes, and DES Certified Family Child Care Homes Providers. Arizona will utilize the newly launched Arizona Early Childhood Workforce Registry (Registry) to track and verify attendance of participants.

3. If I change employers will I have to take the training again?

By using the Registry, attendance will follow the participant even if they change employers.

4. Why do I have to take the trainings if I have already had these topics in the past? Is certification available to DES Certified Family Child Care Home Providers?

DHS Licensed Child Care Centers/DHS Certified Child Care Group Homes:

DES is allowing a one-time certification for staff that is currently working in DHS Licensed Centers and DHS Certified Child Care Group Homes. Director/Owners will be able to “certify” via the Registry, staff have completed training in the ten topics prior to **September 1, 2016**. If they have not completed all of the topic areas, staff must attend a community based training on all of the missing topics before **September 1, 2016**. This one-time certification is available only through **August 31, 2016**; on **September 1, 2016** all new employees and anyone who has not received trainings on any one of the ten topics, will have 90 days to attend a Health & Safety Training Series.

DES Certified Family Child Care Home Providers:

Any DES Certified Family Child Care Home Providers who have taken the 24-hour Health & Safety Training Series through the CCR&R within the last 12 months can submit the certificate of completion to their Certification Specialist. Otherwise, they must attend the 12-hour DES Pre-Service Health &

Safety Training Series by no later than **August 31, 2016**. All new certified providers will have 90 days to complete the DES Pre-Service Health and Training Series.

5. How, when, where can I take the trainings?

After **August 31, 2016**, you must take the full DES Pre-Service Health & Safety Training Series. The training series will be available throughout the state of Arizona. The Early Childhood Bulletin will have a listing of all dates, times, and locations where the series is being offered each quarter. You can register for the training series through CCR&R.

6. Why do I have to enroll in the Arizona Early Childhood Workforce Registry?

Another necessity of this reauthorization is for Arizona to utilize a Professional Development Registry as the repository for training records of child care providers. DES is requiring contracted child care providers to set up an account and begin utilizing this Registry before enrolling in the federally required trainings. To enroll in the Registry please visit website, www.azregistry.org. Every participant will be asked for their Registry Identification Number when signing up to attend a training. The Registry ID number is a nine digit number formatted like this: XXX-XXX-XXX.

For questions about the registry, contact 1-855-906-4377 or use e-mail address info@thearizonaregistry.org.

7. How often do I have to take the DES Pre-Service Health & Safety Training Series?

The DES Pre-Service Health & Safety Training Series is a basic introduction to each of the ten topics. Therefore, anyone working in a center or home will only have to take the series one time. However, because the series is an introductory training, participants are encouraged to attend community based workshops to enhance their knowledge of health and safety in child care settings.

8. Is this offered in Spanish?

The DES Pre-Service Health & Safety Training Series is offered in Spanish.

9. How long are the trainings?

The DES Pre-Service Health & Safety Training Series is a total of 12 clock hours of training. It will most often be delivered as a 2 day course with six hours of training each day.

10. Do I have to attend both days?

Yes, you must attend both days and all 12 hours of the DES Pre-Service Health & Safety Training Series to meet the requirements.

11. What happens if I do not attend the trainings?

To be eligible to contract with DES Child Care Administration, and to receive DES subsidies, every caregiver, teacher, and director is required to attend the DES Pre-Service Health & Safety Training Series. Not being in compliance with the federal requirement will be subject to termination of the DES/CCA contract..

Preguntas Frecuentes

Serie Preservicio de Entrenamientos de Salud y Seguridad de DES

1. ¿Cuál es el nuevo requisito para los entrenamientos de salud y seguridad?

El Child Care & Development Block Grant, conocido como CCDBG por sus siglas en inglés, es el subsidio del gobierno federal que permite al DES pagar por el cuidado de niños en Arizona. Este subsidio fue renovado el pasado Noviembre del 2014. Un componente de la renovación requiere que toda proveedora de cuidado de niños contratada con DES debe tomar un entrenamiento específico sobre salud y seguridad. Los diez temas de Salud y Seguridad son:

- i. Control de Enfermedades Infecciosas
- ii. Prevención de la Muerte Infantil Súbita e Inesperada
- iii. Administración de Medicamentos
- iv. Prevención y Como Responder a Reacciones Alérgicas
- v. Seguridad del Edificio y Local Físico
- vi. Prevención del Síndrome de Bebe Sacudido
- vii. Preparación en Caso de Emergencias y Planificación de Respuestas
- viii. Materiales Peligrosos/ Eliminación de Bio-Contaminantes
- ix. Transportando Niños
- x. Resucitación Cardiovascular/ Primeros Auxilios

2. ¿Quien debe tomar estos entrenamientos? ¿Cómo se realizará un seguimiento a mi asistencia?

La renovación requiere que todo proveedor de cuidado, maestros, y directores en centros de cuidado de niños y proveedores en hogar con un contrato con DES completan la Serie de Entrenamientos de Salud y Seguridad de DES. Esto incluye- Centros para el Cuidado de Niños con licencia del Departamento de Salubridad (DHS), Proveedor Certificado por DHS para el cuidado de niños en hogar y Proveedor certificado por DES para el cuidado de niños en hogar. Para verificar la asistencia de todos a estos entrenamientos, Arizona utilizara el recientemente lanzado Arizona Early Childhood Workforce Registra para dar un seguimiento a la asistencia de los participantes.

3. ¿Si cambio de empleador debo tomar el entrenamiento nuevamente?

Si usted usa el registro se le seguirá dando seguimiento a su asistencia, aunque cambie de empleador.

4. ¿Por que debo tomar estos entrenamientos si ya he tenido entrenamientos sobre estos temas en el pasado?

Centros para el Cuidado de Niños con licencia del Departamento de Salud de Arizona (DHS) y Proveedores Certificados por DHS para el Cuidado de Niños en el Hogar

DES está permitiendo una certificación única para personal que está trabajando en Centros para el Cuidado de Niños con licencia del Departamento de Salud de Arizona (DHS) y Proveedores Certificados por DHS para el cuidado de niños en hogar. Directores y dueños podrán asegurar que su personal a asistido a los entrenamientos mediante el DES Contracts Unit antes del **1 de septiembre del 2016**.

Esto estará disponible solamente hasta el **31 de agosto del 2016**, el **1 de septiembre de 2016** cualquier empleado nuevo o cualquier persona que no haya asistido a ninguno de los entrenamientos de los 10 temas previamente establecidos tendrá 90 días para asistir a la Serie de Entrenamientos de Salud y Seguridad.

Proveedoras de Cuidado de Niños en el Hogar Certificados por DES

Proveedoras de Cuidado de niños en el hogar certificados por DES que han tomado los entrenamientos

previamente deberán entregar un comprobante de mismo a su especialista. De lo contrario, deberán asistir a la Serie Preservicio de Entrenamientos de Salud y Seguridad de DES de 12-horas antes del **31 de agosto del 2016**. Todas nuevas proveedoras en hogar certificados por DES tendrán 90 días para completar la Serie Preservicio de Entrenamientos de Salud y Seguridad de DES.

5. ¿Como, cuando y donde puedo tomar los entrenamientos?

Después del 31 de agosto del 2016 debe tomar la Serie Preservicio de Entrenamientos de Salud y Seguridad de DES. La series de entrenamientos será disponible atravez de todo el estado de Arizona. El Boletín de la Primera Infancia tendrá los horarios, fechas y lugares de donde será ofrecida la serie cada trimestre. Podras registrarte para la serie de entrenamientos por medio de CCR&R.

6. ¿Por que me debo registrar en el Arizona Early Childhood Workforce Registry?

Otro requisito de la renovación es utilizar un registro de desarrollo profesional para archivar los entrenamientos de proveedores de cuidado de niños. DES requiere que proveedores de cuidado de niños contratados con ellos creen una cuenta y empiecen a utilizar el registro antes de inscribirse en los entrenamientos requeridos por el gobierno federal. Para inscribirse en el Registro por favor visite el sitio, www.azregistry.org. Todo participante necesitará su número de identificación del Registro para inscribirse y asistir los a los entrenamientos. El número de identificación del registro es un número de 9 dígitos que se verá de la siguiente manera: XXX-XXX-XXX.

Para preguntas sobre el registro, llame al 1-855-906-4377 o por correo electronico a info@thearizonaregistry.org.

7. ¿Qué tan seguido debo tomar la Serie Preservicio de Entrenamientos de Salud y Seguridad de DES?

La Serie Preservicio de Entrenamientos de Salud y Seguridad de DES es una introducción a los diez temas previamente mencionados. Cualquier persona trabajando en una guardería o en casa deber tomar la serie una vez. Porque la serie de entrenamientos es una introducción, se les sugiere seguir asistiendo a entrenamientos para seguir aprendiendo sobre salud y seguridad en el área de cuidado de niños.

8. ¿Esto es ofrecido en español?

Si, la Serie Preservicio de Entrenamientos de Salud y Seguridad de DES es ofrecida en español.

9. ¿Cuanto duran los entrenamientos?

La Serie Preservicio de Entrenamientos de Salud y Seguridad de DES dura un total de 12 horas. Por lo regular son 2 días de entrenamientos, 6 horas por día.

10. ¿Debo asistir los 2 días?

Si, debe asistir los 2 días y las 12 horas de La Serie Preservicio de Entrenamientos de Salud y Seguridad de DES para cumplir con los requisitos.

11. ¿Qué pasa si no asisto a los entrenamientos?

Para ser elegible a contratar con DES por medio de la Administración de Cuidado de Niños (CCA por sus siglas en inglés), y para recibir subsidios de DES, cada proveedor de cuidado, maestra, y director está requerido a asistir a la Serie Preservicio de Entrenamientos de Salud y Seguridad de DES. Al no llevar a cabo este requisito federal, será sujeto a la terminación de su contrato con DES/CCA.

DES Pre-Service Health & Safety Training Module Descriptions for DHS Licensed Center and Certified Group Homes

Funding Provided By:

Module A—Child Abuse Reporting, Shaken Baby Syndrome and Abusive Head Trauma

In this 2 hour training participants will learn about the prevention of shaken baby syndrome, abusive head trauma and how to remain in compliance with child abuse reporting requirements. Participants will be able to state the legal responsibility of the child care provider to report suspected abuse, identify signs and symptoms of different types of abuse, describe what to do if abuse is suspected, and describe ways to help prevent child abuse.

Module B—Safe Sleep Practices and Sudden Unexpected Infant Death

In this 2 hour training participants will learn about the prevention of sudden unexpected infant death and how to implement safe sleeping practices. Participants will be able to identify safe sleeping practices for infants, identify the benefits of tummy time and identify multiple ways to prevent SUID in child care. Participants will also learn the dangers of bottle propping.

Module C—Medication Administration and Transporting Children in Child Care

In this 2 hour training participants will become familiar with administration of medication that is consistent with licensing standards for parental consent. Participants will be able to create a policy for medication administration and describe the role and responsibilities of caregivers, parents, and health care providers in medication administration. Participants will also be able to explain the purpose and/or side effects of common medications, state the steps involved when administering medication and learn the proper management of medication administration and common errors. Participants will learn appropriate precautions while transporting children in child care and be able to identify the licensing requirements to transport children in child care. Participants will be able to explain the forms and processes needed for transporting to and from school and field trips. Car safety, heat related accidents and car seats will also be discussed.

Module D—Building and Premises Safety

In this 2 hour training participants will learn about building and physical premises safety, including identification of and protection from indoor and outdoor hazards that can cause bodily injury. Participants will gain a basic understanding of health and safety, program equipment standards, poisonous plants, first aid kit, pesticide information, and required emergency postings. Participants will be able to describe proper ways to release children when parents/guardians pick up, identify licensing rules regarding fire safety, fire extinguishers and name specific items that are prohibited in a child care center.

Module E—Emergency Preparedness and Response Planning

In this 2 hour training participants will gain knowledge of emergency preparedness and response planning for emergencies resulting from a natural disaster and/or a man-caused event. Participants will be able to identify ways to develop, prepare and implement an emergency plan and whether to evacuate or shelter in place. Participants will be able to describe ways to communicate an emergency with parents/guardians and ways to reunify. Participants will discuss multiple ways to maintain safety and licensing standards during an emergency. Participants will discuss ways to help children, staff and families cope with the emergency.

Module F—Infectious Disease Prevention – Immunizations – Food Allergies- Hazardous Materials and Bio-contaminant Disposal

In this 2 hour training participants will gain knowledge in prevention and control of infectious diseases, including licensing standards regarding immunizations. Participants will be able to identify key triggers of and response to emergencies due to food and allergic reactions. Participants will learn about handling and storage of hazardous materials, the appropriate disposal of bio-contaminants, the proper methods for safe food handling, how to properly store hazards in a child care setting, blood borne pathogens, universal precautions and bio-contaminant clean up and proper disposal.

Los participantes serán capaces de crear una norma/póliza para la administración de medicamentos y como describir el papel y las responsabilidades de los cuidadores, padres y proveedores de atención médica en la administración de medicamentos. Los participantes también podrán explicar el propósito y/o los efectos secundarios de medicamentos comunes, nombrar los pasos correctos al administrar medicamentos y errores comunes. Los participantes aprenderán sobre las precauciones apropiadas durante el transporte de niños y serán capaces de identificar los requisitos de licencia para el transporte de niños en la guardería. Participantes serán capaces de explicar las formas y los procesos necesarios para el transporte a y de la escuela y durante viajes de campo/excursiones. La seguridad vehicular, accidentes relacionados con el calor y los asientos de seguridad también serán discutidos.

Módulo D—Seguridad en el Edificio y Alrededores – Incluyendo Peligros Eléctricos, Cuerpos de Agua y Tránsito Vehicular

En este entranamiento de 2 horas, participantes aprenderán acerca de la seguridad en el edificio y alrededores, incluyendo la identificación y protección de riesgos interiores y exteriores que pueden causar daños físicos. Participantes adquirirán un conocimiento básico de salud y seguridad, estándares del equipo del programa, plantas venenosas, botiquín de primeros auxilios, información sobre pesticidas y anuncios de emergencia que son requeridos. Los participantes serán capaces de describir formas adecuadas para entregar a los niños a sus padres/guardianes a la hora de ser recogidos, identificar reglas de licencias relativas a la seguridad contra incendios, extinguidores de incendios y nombrar artículos específicos que están prohibidos en un centro/casa de cuidado de niños.

Módulo E—Preparación para Emergencias y Planificación de Respuestas

En este entranamiento de 2 horas, participantes obtendrán conocimiento de preparación de emergencia y planificación para emergencias derivadas de un desastre natural y/o un evento causado por el hombre. Los participantes serán capaces de identificar maneras para desarrollar, preparar e implementar un plan de emergencia y si es necesario una evacuación o refugio en el sitio. Los participantes podrán describir formas de comunicar una emergencia con padres/guardianes y maneras para reunir a niños con padres/guardianes. Participantes discutirán maneras múltiples de mantener estándares de seguridad y concesión de licencias en caso de emergencia. Los participantes discutirán maneras de ayudar a los niños, empleados y familias hacer frente en una emergencia.

Módulo F—Enfermedades Contagiosas /Inmunizaciones/Alergias a Alimentos /Materiales Peligrosos/Desecho de Bio-contaminantes

En este entranamiento de 2 horas, participantes obtendrán conocimiento en prevención y control de enfermedades infecciosas, incluyendo los estándares de licencias referente a vacunas. Participantes serán capaces de identificar importantes factores desencadenantes de y respuesta a emergencias debido a los alimentos y reacciones alérgicas. Participantes aprenderán sobre el manejo y almacenamiento de materiales peligrosos, la manera adecuada de la eliminación de bio-contaminantes, los métodos apropiados y seguros de manejar alimentos, cómo almacenar correctamente los peligros en un centro/casa de cuidado de niños, agentes patógenos presentes en la sangre, las precauciones universales y bio-contaminantes de limpieza y eliminación adecuada.

The Arizona Self-Study Project (ASSP) is an exciting statewide project for early care and education programs committed to improving the quality of care for Arizona's children. ASSP assists programs to integrate quality developmentally appropriate practices in a model that meets the needs of all children.

Through the ASSP, each early care and education program evaluates its strengths and areas needing improvement using self-study materials. Each program identifies areas of change and creates specific program goals based on the results of their self-evaluation. Assistance is provided as programs pursue national accreditation. The ASSP is funded by the Arizona Department of Economic Security Child Care Administration.

Child & Family Resources, Inc. provides Arizona Self-Study Project services in: Apache, Coconino, La Paz, Maricopa, Mohave, Navajo, Yavapai, and Yuma Counties. For more information or to participate contact Connie Espinoza, Senior Program Director, at 1.520.320.4036 or by email at cespinoza@cfraz.org or Melina Montiel, Administrative Assistant at 1.520.321.3826 or mmontiel@cfraz.org.

Easter Seals Blake Foundation provides Arizona Self-Study Project services in: Cochise, Gila, Graham, Greenlee, Pima, Pinal, and Santa Cruz Counties. For more information or to participate please contact Renee Hartje, Program Manager, at 1.520.419.7875 or by email at rhartje@blake.easterseals.com or Lisa Ortiz, Accreditation Specialist, at 1.520.405.1532 or by email to lortiz@blake.easterseals.com.

Helping All Children Succeed

Do you have concerns about your child's development or progress in school?

What Is Child Find?

Child find is a component of the Individuals with Disabilities Education Act of 2004 (IDEA '04) that requires states to *locate, identify, and evaluate* all children with disabilities, ages **birth through 21 years**, who are in need of early intervention or special education services. This includes children who are highly mobile, such as migrant or homeless children, children suspected of having a disability even though they are advancing from grade to grade, private school students, and homeschool students. The Arizona initiative for child find is referred to as AZ FIND.

Developmental and Educational Services for Children Ages Birth through 21 Years

Some children have more difficulty learning than others. They may have trouble achieving milestones in one or more of the following developmental or academic areas:

- Vision and Hearing
- Motor Control or Coordination
- Behavior or Social Skills
- Speech or Communication Skills
- Cognitive or Academic Skills

A referral for early intervention or special education services can come from a parent, guardian, foster parent, family member, teacher, counselor, or the student who finds learning difficult. The earlier you express your concerns, the sooner your child's needs will be identified and the sooner he or she will receive the help needed to succeed.

Help for Infants and Toddlers

Children ages **birth to 2 years 10 1/2 months** are screened through the Arizona Early Intervention Program (AZEIP) to determine if early intervention services are needed. Early intervention brings professionals, working in partnership with parents and families of children with special needs, together to support infants' or toddlers' growth, development, and learning. If you have questions about your child's development, an AZEIP specialist will talk with you about your concerns and observe your child. If your child is found eligible, a plan will be designed to include strategies, activities, and supports to achieve desired outcomes related to your child's needs. Make an online referral at www.azed.gov/azeip. For more information, call 1-888-439-5609 or (602) 532-9960.

Help for Preschool and School-Aged Children

Your local school district, or the charter school your child attends (for school-aged children), screens children ages **2 years 10 1/2 months through 21 years**. Public schools use an informal screening process to check your child's development and academic progress.

- Screening must be completed within 45 calendar days of the date you notify the school of your concerns.
- When a concern is identified through screening procedures, you must be notified within 10 school days and informed of procedures to follow up on your child's needs. For example:
 - Your child may be referred to the school's child study team for pre-intervention services; or,
 - If screening results indicate your child may have a disability, a comprehensive evaluation will be necessary to your child's determine eligibility for special education and related services. A team, of which you will be a member, will meet to begin the process.

Screening and evaluation are free. All information contained in the screening or evaluation is confidential.

Contact your local school district or the charter school your child attends. For children attending private schools, contact the principal at the school district in which the private school is located.

Be Involved!

Family engagement has a positive influence on your child's academic success and emotional development.

- Set high expectations and establish goals.
- Communicate frequently with teachers to monitor your child's achievements.
- Ask for ideas and materials to help your child learn at home.
- Reward progress and celebrate accomplishments.
- Volunteer for classroom and schoolwide activities.
- Attend community events and workshops that promote learning and social growth.

Ayudamos a todos los niños a tener éxito

¿Tiene inquietudes acerca del desarrollo o progreso de su hijo en la escuela?

¿Qué es Child Find?

Child Find (Identificación de Niños) es parte de la Ley de Educación para Personas con Discapacidades (Individuals with Disabilities Education Act) de 2004 (IDEA 2004) que exige que los estados *localicen, identifiquen y evalúen* a todos los niños con discapacidades, desde **el nacimiento hasta los 21 años**, que necesiten intervención temprana o servicios de educación especial. Esto incluye a los niños que no residan en lugar fijo, como los niños inmigrantes o desamparados, niños que parecen tener una discapacidad a pesar de que pasen de grado, alumnos de escuelas privadas y niños educados en el hogar.

La iniciativa de identificación de niños de Arizona se conoce como AZ FIND.

Servicios de desarrollo y de educación para niños desde el nacimiento hasta los 21 años

Algunos niños tienen más dificultad que otros para aprender. Pueden tener problemas para alcanzar metas en una o más de las siguientes áreas de desarrollo y de educación:

- Visión y audición
- Control o coordinación de la motricidad
- Habilidades de comportamiento o sociales
- Habla y habilidades de comunicación
- Habilidades cognitivas o académicas

La derivación a intervención temprana o servicios de educación especial puede venir de parte del padre o la madre, el tutor, el padre o la madre de familia de acogida, un maestro, un consejero o del alumno que tiene dificultad para aprender. Cuanto antes manifieste sus preocupaciones, más pronto se identificarán las necesidades de su hijo y recibirá la ayuda que necesita para tener éxito.

Asistencia para bebés y niños pequeños

Los niños desde **el nacimiento hasta los 2 años, 10 meses y medio** se evalúan mediante el Programa de Intervención Temprana de Arizona (Arizona Early Intervention Program, AzEIP) para determinar si son necesarios los servicios de intervención. La intervención temprana reúne a profesionales que trabajan en colaboración con los padres y las familias de los niños con necesidades especiales para apoyar el crecimiento, desarrollo y aprendizaje de los bebés y los niños pequeños. Si tiene preguntas acerca del desarrollo de su hijo, un especialista de AzEIP lo asistirá con sus preocupaciones y observará a su hijo. Si se determina que su hijo es elegible, se diseñará un plan que incluya estrategias, actividades y apoyo para lograr los resultados deseados de acuerdo con las necesidades de su hijo. Haga una derivación en línea en www.azed.gov/azeip. Para obtener mayor información, llame al 1-888-439-5609 o (602) 532-9960.

Asistencia para niños en edad preescolar y escolar

Su distrito escolar local o la escuela autónoma a la que asiste su hijo (para niños en edad escolar), evalúa a los niños desde **los 2 años, 10 meses y medio hasta los 21 años de edad**. Las escuelas públicas utilizan un proceso informal para evaluar el desarrollo y progreso académico de su hijo.

- La evaluación debe ser completada dentro de los 45 días naturales a partir de la fecha en que usted le comunica sus inquietudes a la escuela.
- Cuando se identifica un motivo de preocupación a través de los procedimientos de evaluación, usted debe recibir la notificación correspondiente dentro de 10 días escolares e información acerca de los procedimientos para realizar un seguimiento de las necesidades de su hijo. Por ejemplo:
 - Es posible que deriven a su hijo al equipo de estudio de la escuela para servicios previos a la intervención; o
 - Si los resultados de la evaluación indican que su hijo puede tener una discapacidad, será necesario realizar una evaluación exhaustiva para determinar si su hijo es elegible para recibir servicios de educación especial y otros servicios relacionados. Un equipo del que usted será parte se reunirá para comenzar el proceso.

La evaluación es gratuita. Toda la información que contiene la evaluación es confidencial.

Comuníquese con su distrito escolar local o la escuela autónoma a la que asiste su hijo. Si su hijo asiste a una escuela privada, comuníquese con el director del distrito escolar al que pertenece la escuela.

¡Participe!

La participación de la familia tiene un efecto positivo en el éxito académico y el desarrollo emocional de su hijo.

- Fije altas expectativas y metas.
- Comuníquese con frecuencia con los maestros para controlar los logros de su hijo.
- Solicite ideas y material para ayudar a su hijo a aprender en casa.
- Recompense el progreso y celebre los logros.
- Ofrézcase como voluntario para las actividades de clase y de la escuela.
- Asista a los eventos comunitarios y talleres que fomenten el aprendizaje y el crecimiento social.

Meeting Arizona's Child Care Needs

Child & Family Resources (C&FR) is a private, nonprofit, community-based organization providing services to the children and families of Southern Arizona since 1970.

C&FR makes a significant and lasting impact upon the lives of 38,000 people each year. Our work reflects community needs and provides high quality, accessible and affordable programs to meet those needs. As new and more pressing challenges emerge, C&FR has stepped up to meet them.

Helping children, youth and their families without regard to ethnic or religious background or financial or social status is the hallmark of our programs.
